

# Our Lady of Grace School **NEWSLETTER**

Sept to Dec 2024

Hello friends of Our Lady of Grace School,

This is just a little update about our year to date. We are having another wonderful year. We have had lots of excitement. We had our annual trek to Hall's Orchard in the fall. The apples and apple cider were never better!

We had a wonderful celebration for All Saints Day with six of the student winning prizes for best costume and story. The Harris' made sure we had gold chocolate coins to hand out on St Nicholas Day.

And there was huge excitement as everyone practiced for the Christmas Concert which indeed was a great success!

We were blessed these past months to have Fr Harris say Mass weekly for us.

And it was a special treat that Bishop Riesbeck said Mass for us on the last day of school before the holidays.

Academically all our students are doing so well. We have never allowed students to have cell phones in the school so they are an extremely social bunch and have an enormous amount of fun playing on the playground.

And we are so delighted to be able to call ourselves a multi-cultural school. So many of our students are new to Canada -which is such a delight to teachers and students alike.

We have an incredibly dedicated group of teachers and volunteers. All our parents are wonderfully supportive. We had a hugely successful yard sale in the fall, the bake sale and silent auction were a great success at the concert and The Knights of Columbus donated the profits from their November Breakfast to us. Our students were complimented on how beautiful they looked and how well they served. All in all we have had just a great start to our year!
